## MRS. THOMPSON

Lands in Good Place in the Library at Washington.

Washington, Oct. 9.—Mrs. Virginia Thompson has finally landed in a good spot in the library. As soon as the president returned he took up Mrs. Thompson's cause, and at his special request a place was found for her. Mrs. Thompson's name was not on the list of donors, but she had not done so before, as she was indebted more heavily than any of the appointments yet made.

## MILK GOING UP.

One Effect of the Terrible Drouth.

Chicago, Oct. 9.—The price of milk was advanced today on account of the short supply. The severe and prolonged drouth has dried up the pastures and the streams and milk is getting very scarce.

## Bell County Going Dry.

Pineville, Ky., Oct. 9.—This county is suffering from a water famine. The mountain streams are nearly all dry, and the Chamberland is almost dried up. People are in some cases hauling water thirty miles.

## Thirty Lives Lost.

San Francisco, Calif., Oct. 9.—News has reached here of the wrecking of the steamer Narvaah in the Arctic sea. Thirty of the crew are said to have perished.

## FEVER IS SPREADING.

The Situation in New Orleans Getting Worse.

Forty-five New Cases Yesterday and Twenty More This Forenoon.

New Orleans, Oct. 9.—A decided spread of the yellow fever here is apprehended from the fact that three or four cases were not reported until just before or after death. In one instance a woman died. As a result, the disease is spreading throughout the city. There were forty-five new cases and five deaths here yesterday. At Edwards there were thirteen new cases and four deaths and at Mobile six new cases and one death.

Today twenty new cases and one death were reported at noon.

The doctors are conceding the alarming spread of the disease.

## GEORGE IS THE LEAD.

Majority on the New York Committee Opposes Van Wyck.

New York, Oct. 9.—Of the twenty Democratic National Committee members who have expressed themselves on the New York municipal campaign, thirteen said that Henry George is the "regular" Democratic candidate for mayor and seven favor Tammany.

Thomas Martin, of Indian Territory, telegraphs to the "Journal and Advertiser."

"The Henry George man should ticket for Governor. New York should be supported by Democrats."

## MORE ANTI-WHITEHEADS.

Resolutions Adopted By Was. Kentucky Baptists Calling For His Dismissal.

Hickman, Ky., Oct. 9.—The following resolutions were yesterday unanimously adopted by the West Kentucky Baptist Association in response to Dr. Whitehead:

Whereas, Dr. W. H. Whitehead, President of the Southern Baptist Theological Seminary, has published in the New York Independent and J. H. Johnson's Review statements that are false to the Baptist cause;

Resolved, That it is the sense of this body that the trustees of the seminary should dismiss the said Dr. W. H. Whitehead from his present position.

Resolved, That no aid of any sort should be given the seminary while Dr. Whitehead remains president.

After some discussion resolutions were also adopted condemning Dr. W. J. Warlick, State Secretary of the Mission, and the Presidents of Georgetown, Bethel and Bethel Female Colleges for the support which they have heretofore given Dr. Whitehead by their votes.

WOUNDS FATAL.

Frank Odie Dies At Cairo.

Lived Here and Was Shot Aboard the Phillips by John Christ.

Frank Odie, colored, of 506 Jackson street, who was shot on board the W. K. Phillips last Monday night near Cairo by John Christ died in the Marine hospital at Cairo yesterday afternoon, and the remains were brought to the city on the Phillips last night and buried at Oak Grove.

Odie was formerly in the Phillips, and Christ is a resident of Monmouth, Ill. He had a Remington rifle, 22 calibre, and when he and Odie became engaged in an altercation over a crap game, he claims he thought the stalwart fireman attempted to draw a pistol, and shot him in the neck below the "Adam's Apple." The boat turned and went back to Cairo and Christ was arrested and is now in jail charged with murder.

Odie leaves a family here.

Will Adams Stabbed to Death Near Metropolis.

## SAM REESE HIS SLAYER.

They Two Started to Swap Horses Got Drunk and Quarrelled.

## RESE FOUND IN BED ASLEEP.

A tragedy occurred near Smith, Mass., county, twelve miles from Metropolis, Ill., last night, in which Sam Reese, without provocation, so far as can be learned, stabbed and almost instantly killed his own cousin, Will Adams.

Scott was a stock dealer, and the details, as reported today, are that Reese had gone to his home to make a horse swap.

The two began drinking freely from a jug kept by Scott, and the latter was found dead shortly afterwards by his family, with two knife wounds near the heart.

Reese then went home in a muddled condition and went to bed, where he was found at 1 o'clock this morning, still under the effect of liquor.

He was taken to Metropolis early this morning, and there is great excitement in the neighborhood over it.

Scott was about thirty years old, and quite well known in Mass. county. He leaves a family.

Popular Will Rodgers Gets A Good Job.

Other Matter Picked Up Among The Railroads.

Mr. Will Rodgers, formerly clerk for Supt. Richard Morgan here, and who has recently been to the employ of the Illinois Central, left today, after a several day's visit to friends here, for Little Rock, where he has accepted the position of trainmaster of terminals between there and Galveston. The terminals are of five different roads.

Locomotive 375, which brought in the passenger at noon, jumped the track at Ninth and Tenth streets, and the train had to be pulled the remainder of the way in by the switch engine.

Preparations are being made to build a new platform at the Union Depot, and work will begin as soon as the lumber arrives.

Another rail road boom has struck Golconda, and it looks like they will succeed in getting the road this time. The leading business men of Golconda and Harrisburg are working for the new talk of road. The movement on foot is to extend the Illinois Central R. R. from Galena, Ill., to Harrisburg, and Harrisburg to Galena.

After twelve years of litigation in various courts, the Brotherhood of Locomotive Engineers has just secured a perfect title to Mendon, Ill., a farm of 260 acres near Madison and worth \$100,000.

A home for aged and disabled members of the order will probably be established there.—Cairo Argus.

It looks much as though the Cumberland and East Cape Girardeau railroad, now belonging to the Illinois Central, is to be extended down the river to connect with the Cotton Belt at Gay's Point. Capt. Ed. Gray has sold forty acres at the Point to the Cotton Belt Co. for \$3,000, a big price for so little land.

The road for this Cotton Belt crosses the river at the working survey, and runs for bonding the roadbed have been let out the work of throwing up the dirt for it commenced at several different points.

Of course, the completion of this line of road means that it is to have an easy connection, and logically this will be the Illinois Central.

THE HOT TIME

When Fire Plugs Get to Burning.

These are dry times, but few people perhaps knew that it was so dry that the plugs have gone to burning.

This seems to be the case here, too. Just before last night Chas. Sutherland was called to Third and Court streets, where a fire plug near Nance's undertaking establishment was found to be ablaze all around the bottom. It could not be extinguished, and last night it was still alive.

The officer does not know what causes it, but supposes it is escaping gas.

DEAL SESSION

At the Police Court This Morning.

There were few cases in Judge Sanders' court this morning.

Jim Grogan, John Grogan and Ber. Futtell, colored, were fined \$10 and \$3 and costs respectively for a no free use of the streets.

The license of the peace officer against Thomas Evans and H. C. Letch was dismissed.

The case against Rhoda Green, charged with calling another colored woman a morphine eater, was dismissed.

### WILL AND A WAY.

Experience of An Eloping Couple at Smithland.

Monday night saw a young married couple elope from Metropolis, where they were married on the 14th. They were Mr. John Mayhugh and Miss Elizabeth Comer, of Dyersburg, Tenn., before they eloped and married.

The Smithland "Gold-Dust" has recounted the experience they had there in attempting to procure marriage license:

Sunday morning County Clerk O. Lowery was called upon to issue a marriage license to Mr. John Mayhugh and Miss Elizabeth Comer, who had eloped from near Dyersburg some time during Saturday night, and had drifted down the peach waters of the Tennessee, Cumberland, gliding over its silvery, white, and the stillness of the night—two

meet with disappointment when they reached this place.

As Miss Comer was only 18 years of age the clerk could not issue the necessary papers to make them one twin. But "where there's a will there's a way," and as the sun started on her day's journey they determined to get married, despite the disapproval they had met with at this place. The prospective bridegroom procured a skiff and all alone they started for Metropolis, Ill., where they were united for life. In coming years they can tell the story of their romantic Sunday marriage and by relating that little episode will prove to the "young ones" that "the course of true love never runs smooth."

ANNOUNCEMENT.  
San Antonio is a candidate for the office of Commonwealth's Attorney for the second judicial district composed of Mcracken and Marshall counties at the November election.

The Democratic nominees for city offices are begging for votes hither than a tramp for a "handover."

From the way in which the Democratic fiscal court is reducing salaries, one would suppose that they don't expect to hold the county offices the next four years.

When the city gets rid of the Yeiser regime, it will be a happy day, and the people will see to it that he does not leave his shadow to perpetuate his bad judgment or selfishness.

With one breath the Democratic politicians abuse the negroes and with the next they are begging them for their votes. It simply shows how consistent a Democrat is when in office.

Joe Parker hit the "News" a pretty hard blow Thursday night when he said that, harring the "News," the Louisville "Dispatch" was the most versatile, all-round liar in Kentucky.

The reason why the "Register" don't publish the Democratic ticket is because it contains the names of several of the "traitors" who refused to vote for its manager. This statement is made without fear of successful contradiction.

The "Register" has suddenly become very much interested in the candidacy of Mr. Lang, but probably Mr. Lang has assured its manager that, while he voted for part of the present Republican council, and has voted against the last three Democratic candidates for mayor, he would vote, however, for the A. P. A. manager of the "Register," when he was cutting his political eye teeth two years ago.

The "Register" is on a cold trail in its efforts to injure Capt. Farley by bringing up his position on the annexation question. Capt. Farley had plenty of good company and numbers of Paducah's best citizens in both parties, in and out of the then city limits opposed the measure. The suit that the "Register" harps on was in reality a test case brought in Farley's name, though all appointments of annexation were interested in it. Bring out some bling now.

The extravagance of the free silverites of Paducah in squandering one hundred and fifty dollars to get Bryan here for one speech is somewhat difficult of comprehension. If they will but look over Bryan's literary of last year they will see that, in every town where Bryan spoke, the Democrats scored heavy losses. The Republicans in the same cities suffering unlooked for gains. Would it not be better for the "lost cause" for the Nebraska boy to travel on a slow train and let that money be used in other ways?

If those eleven or more men who assaulted Mrs. Gleason Wednesday night at Newport are not hanged both by the jury and the Sheriff, the freeholders of that county will have missed a great opportunity to deal out justice, and a blot will rest on Kentucky's reputation. The people of this state are to be congratulated that the brutal ruffians were not lynched; not that the assaults do not deserve death, but that the people may have the opportunity to make a terrible example of them. Death, even, is an inadequate punishment.

It should not be forgotten that next Tuesday is another registration day. It seems that the law provides for the first and second Tuesdays in October. Next Tuesday is positively the last day in which to register. The Republicans must do their work now or never. It is no use disputing the fact that our registration fell to low last Tuesday. It can be brought up next Tuesday and it should be. Every Republican should constitute himself a committee of one to see that no Republican neglects to register.

A novel way of reducing wages in prosperous (?) free silver Mexico has been hit upon which is a refinement of irony and a most sarcastic thrust at free silver theories. The railroad companies and other corporations have decided hereafter to pay off their employees in silver, paying two dollars where they now pay one in gold. At the present price of silver this means a loss to men of about twenty cents on the dollar, a Mexican dollar being worth only 40 cents in gold or American money. Wages are doubled and reduced 20 per cent. at the same time.

It is seldom that your 16 to 1 gambler's howler gets out of material for a kick. Admitting that what is actually selling at 95 cents, the gambler's howler says that the faro ought to get \$1.90 or \$2.00 a bushel for the cereal, and the position is solemnly assumed by the silver Democrats that, under free coinage of the white metal at the divinely appointed ratio of 16 to 1, the price of wheat today would be \$2. But two dollars a bushel in 10-cent dollars would be only 80 cents in gold. That is the way it is actually operating in Mexico and hence the conclusion above is no random guess work.

The Democrats of Greater New York are in a delightful state of uncertainty. They cannot make up their mind whether Mr. George or Mr. Van Wyck is the nominee of the "regular" democratic party. Mr. George is the nominee of an independent branch of democracy, but which has imbedded the Chicago platform for a. Mr. Van Wyck is Tammany's nominee on a platform that ignores Bryan and the Chicago utterances, George has the platform and Van Wyck the organization. The question is an obscure one, but in view of Tammany's peculiar ways, the odds seem to be in favor of Van Wyck.

A remarkable change has taken place in the political situation in Greater New York within the last few days. The inforcement of the Chicago platform by the convention of independent democrats that nominated Henry George for mayor has given him much more strength than was thought would go to him. Tammany's elimination of everything that could offend a free silver or a gold standard democrat, has caused great dissatisfaction and clearly demonstrated that Tammany's city platform is the vast municipal patronage that will go to the winning party. As the probabilities now are George will pull such a large part of the regular democratic vote that the fight is really between him and General Tracy, the republican candidate, with the preponderance of probabilities very largely in Tracy's favor.

Mayfield's Registration. There were 608 voters registered in Mayfield Tuesday, as follows: Democrats 454; Republicans 222; remainder, nonpartisan and prohibitionists, 32. There will be a supplemental day for those necessarily absent.

JOHN J. DORIAN, 205 Broadway.

A Narrow Escape. Chicago Times Herald.

The Nebraska gold Democrats met in state convention the other day and Hon. Warren Switzer of Omaha presided over the deliberations of that body in the capacity of chairman. In his opening address Mr. Switzer made a few remarks concerning another citizen of Nebraska which were sufficiently startling to attract attention and which seemed to require elucidation. "William J. Bryan," dramatically remarked Mr. Switzer, "is a mediocre mermaid; the only disturbing factor in the nation, and little short of an outlaw."

It is very evident, indeed that this nation has a narrow escape from a served ignominy. Imagine the White House presided over by a fountain-like monster, and one of the nation's sort, too! The Smithsonian Institution would have gobbled up the official head of the government before the 16 to 1 folks could say "black Robinson." Mr. Switzer has not spoken a moment too soon. It is high time that Bryan should be unmasked and be shown up in his true colors, no matter how astonishing the tale may be.

## The Flood Tide.

Of fall trade has set in. It will increase in volume day by day. Already it ripples and eddies around the different sections of the store—dry goods, millinery, cloaks, warm underwear, blankets, etc., all begin to show signs of great activity. Where possible, we are making the most of the flood tide. We are here for that purpose.

Make the well-bent path that leads direct to our doors. Note the signs as they come and go. Ask the reason for making this store the place of their dry goods supplies, and they will tell you that they have full confidence in our merchandising ability. That's the secret of our success.

### The New Gown Stuff.

### Autumn Hosiery Sale.

Everyone wears stockings; everybody wants to wear honest stockings. This hosiery section of ours is the pride of the store. Its success has been achieved by buying the best and selling at the cheapest, no gain of profit possible. Come in and see for yourself.

### The Busy Millinery Section.

There's a reason for it—yes, several reasons. First, we've the latest styles in millinery; second, you can depend upon our hats being right in style and worthiness of material; and third, the prices are so modest that one's sense of economy is appealed to.

### The Garment Boom.

In so short a space we could not give a creditable description of the dress and pieces of these temptations of capes and jackets, but would like to emphasize the fact that all are tailor-made; that the fit is perfect; that they are the latest styles; that the material is of the best; that the price is so low that you can't resist the temptation to buy. We are ready to show you.

### For Shoe Buyers.

### NEWSPAPER MEN

Were Remembered by Mr. W. C. Coker.

Mr. W. C. Coker, of the Paducah Milling and Elevator Company, today demonstrated his enterprise and generosity by presenting every newspaper man in Paducah with a large sack of the finest flour which was manufactured at his large and popular establishment on South First street.

The company is doing an enormous and daily increasing business, and deserves all the patronage accorded it.
